

**FOR IMMEDIATE RELEASE**

## **Road America Karting Club Launches Level Up Driver Championship Presented by Level Up Racing School**

**ELKHART LAKE, Wis.** – Road America is proud to announce the launch of the **Road America Karting Club Level Up Driver Championship**, presented by **Level Up Racing School**, a new season-long program designed to reward commitment, consistency, race craft, sportsmanship, and driver development.

At the conclusion of the season, one eligible Road America Karting Club driver will earn a fully funded seat with Level Up Racing School at Road America, a scholarship package valued at more than \$6,000. For many young karters, getting the chance to train on Road America's legendary 4-mile race circuit is a dream. This program creates a clear path for one deserving driver to take that next step.

The program was developed with support from Peter Stolz of Level Up Racing School, who is fully behind the effort and excited to bring this opportunity to Road America Karting Club members. The scholarship is geared toward drivers ages 14 and up, with a primary focus on Junior classes and above.

The championship combines results from both the Weeknight Karting Series and Weekend Karting Series. Drivers will compete within their normal classes, with feature race results contributing to one overall championship leaderboard. The scoring format rewards finishing position, competitors beaten, and positions gained, creating a fair way for drivers from multiple classes to compete for one overall title.

This championship is exclusive to current Road America Karting Club members. Anyone interested in competing is encouraged to join the club at **[RoadAmerica.com](http://RoadAmerica.com)**.

Road America is also grateful to Auto Select and the Liesch Family, who are donating a brand-new Cadet kart chassis. Their support allows championship opportunities to extend to Cadet, Sportsman, and Mini Swift Classes.

The Level Up Driver Championship is about more than winning races. It is about recognizing drivers who show professionalism, a positive attitude, and a strong commitment to growth throughout the season.
