

## Road America Track Day Driving Rules

1. This is not a race or a test day. No Timing, No Racing, No Trophies. This is a driving education school.
2. All drivers must be 16 years of age or older and have a valid driver's license. Drivers under 18 require a minor waiver signed by both parents/legal guardian.
3. Helmets (Snell Foundation SA2015 or newer, in good condition) and long pants are required. Rental Helmets available only at registration.
4. Please note, this event is for street-legal cars and dedicated track cars only, no race cars, trucks, vans or SUVs. Still not sure if your car qualifies, contact [trackdays@roadamerica.com](mailto:trackdays@roadamerica.com).
5. Convertibles must have factory-installed rollover protection or SCCA / NASA approved roll over protection in order to participate.
6. No one is permitted in the pit area.
7. No race motors are to be run before 8am or after 6pm.
8. No warming/cleaning tires in the paddock, pit lane or track.
9. Enter the track from the false grid only, near Gearbox on the north end of the paddock. If you don't know where this is ask someone or have your instructor show you.
10. When entering the track, **stay to the right through turn 1**. This is for your safety as well as other cars that may be coming up the front straight at speed as you are entering the track. Corner workers will report if you don't and you will be black flagged.
11. All passes must be completed by the start of the shutdown (brake) markers.
12. All passes must be pointed. Passed car stays on-line, passing car moves off-line. Do **not** pass unless you receive a point. 1 Point per car. Be predictable with your driving and point bys.
13. Passing under a yellow flag condition will lose you the rest of the session. The second time you will be asked to leave the event.
14. Passing in a no passing zone – you will be given 1 warning only. If it happens a second time you will be asked to leave the event. See passing zone map attached to schedule.
15. Speed limit in the pit lane is 35mph and in paddock it is 15mph.
16. 4 wheels off is an automatic pit stop to have your car (and yourself) checked. You will also be black flagged as reminder to pit.
17. Pets are to be on a leash at all times. If you bring a dog to the event it must be closely supervised by an adult at all times including during your track sessions. If you are coming to the track by yourself this means you may not bring a dog with you.
18. There are nice grandstands outside of turns 5, 8, 12 and 14. There are other areas for viewing as well that you may go out to. Make sure you do not go into restricted areas inside the snow fencing. There are video cameras located throughout the grounds, these cameras will be monitored. All guests MUST sign the waiver and wear a wristband.
19. Do not leave anything behind when you leave the event. Place all trash and fluids in the proper receptacles. There are barrels with lids for disposing of oil, etc.
20. The sound limit for this event is 103 dB.
21. Remember: You have to drive your car home. Drive safely and have fun.
